

UAE VISION 2021: FIRST-RATE EDUCATION SYSTEM

Education is a fundamental element for the development of a nation and the best investment in its youth

The UAE Vision 2021 National Agenda emphasizes the development of a first-rate education system, which will require a complete transformation of the current education system and teaching methods.

The National Agenda has set as a target that our students rank among the best in the world in reading, mathematics and science exams, and to have a strong knowledge of the Arabic language. Moreover, the Agenda will aim to elevate the rate of graduation from secondary schools to international standards and for all schools to have exceptional leadership and internationally accredited teaching staff.
